

MetriSponge is an easy-to-use sponge, pre-moistened with MetriZyme dual-enzymatic detergent that helps ensure thorough pre-cleaning.

According to the 2016 SGNA guidelines, manual cleaning immediately after patient use is the first and most important step in removing the bioburden prior to automated or manual disinfection.¹ The sponge easily forms around cylindrical instruments, simplifying effective pre-cleaning of critical and semi critical medical devices prior to sterilization or high level disinfection.

Features:

- Saturated with extra strength MetriZyme™
- Simplifies pre-cleaning of medical instruments
- Unique shape easily forms around cylindrical instruments
- Offers powerful cleaning, yet gentle on instruments
- Pleasant mint fragrance

Ordering Information

Part No.	Product Description	Packaging
10-4025	MetriSponge - 25/box	4 boxes/case
